Visual Install Guide Allura Lavatory Faucet, SLC-4712-1.5

Part No. LN-01302

⚠ WARNING: This product can expose you to chemicals including lead, which is known to the state of California to cause cancer, birth defects, or other reproductive harm. For more information, go to www.P65Warnings.ca.gov.

Installation Instructions

Caution: If replacing an older faucet ensure water supply is turned OFF before removing. Then turn faucet control valves ON to relieve water pressure.

Step 1 Attach faucet to sink

Step 2 Connect water supply lines

Step 3 Seat flange into sink drain opening

* use included washer only for when plumbers putty is not available

* Note: Washer included with faucet should only be used when plumbers putty is not available.

Step 4 Attach drain body to flange

* Note: Attach tail piece to drain body using teflon tape, tape or plumber's putty.

Step 5 Install stopper and set eye position

Step 6 Attach pivot rod to drain body

Step 7 Connect lift rod and adjust linkage

Step 8 Attach drain body to drain trap

Step 9 Flush water supply lines

Care of faucet finish

Clean finish area by using mild soap and water or non-abrasive cleaners and then rinse immediately. A non-abrasive wax may be used to preserve finish area.
